the companion volume to the groundbreaking tv series this book tells the story of the physical emotional and psychological journey of allied soldiers from the beaches of normandy to the ruins of berlin in their own words these brave men from britain the united states canada and russia tell us what it was like to face the bullets bombs mortars mines and artillery shells of nazi germany interviews with over 80 soldiers who fought in the conflict totalling 150 hours provide a new perspective on the experiences of 1944 45 building on the high speed multi camera filming of world war ii weapons and

munitions shown in the tv series this book brings the terrifying reality of the war to life technical descriptions and the experiences of the men in the field explain the dramatic power and effect that this weaponry had on the battlefield from the sinister simplicity of the deadly ap mine through to the immense firepower of the 88mm gun giving the modern historian a unique insight into the last days of the war for the troops on the frontline this is not a history of generals of armies manoeuvring and strategic objectives world war ii the last war heroes is a book about the ordinary men put into incredible situations deprived of sleep and food and in constant fear of death on the long road to victory

this book aims to reconceptualise the graeco roman military phenomenon of the war cry the term itself is inadequate for defining an ancient military practice that has been misrepresented in modern media and understudied by contemporary scholars gersbach introduces the term and paradigm battle expression to replace war cry which acknowledges the variety of undertakings visual and sonic that military forces from the graeco roman world presented on the battlefield before during or after battle the battle expression was sophisticated in nature it could include significant cultural song or dance that required high levels of rehearsal and execution conversely battle expression types demonstrated spontaneous wit and humour on the part of a military force that aimed to capitalise on the experiences of a battle these performances served a variety of purposes outside of instilling group cohesion among the participants and to intimidate the onlooking enemy this book associates the psychological dimension of warfare religious identity and military strategy supported by the high command to this practice in addition the author draws comparisons with later historical periods as well as the actions of modern day european football supporters in stadiums to reconstruct the atmosphere created by ancient military forces on the battlefield the war cry in the graeco roman world is suitable for students and scholars of classical studies particularly those interested in ancient warfare and military history as well as those studying the history of warfare more broadly

the foundations of the science of war by col j f c fuller first published in 1925 aims as the title suggests and in the author s own words to provide a foundation of the science of war or at least of a science of war col fuller spent over 15 years planning this foundation and it was his endeavour that it would allow military students to examine it not only for its own worth but in order to think of war scientifically for until we do so we shall never become true artists of war likewise col fuller hoped the book may be of use to all other interested readers not only in studying war but in studying any of the activities of life in this book i am attempting something new at least new since the days of henry lloyd and robert jackson for as far as i am aware these are my only two fellow countrymen who have attempted to reduce war to a science in a small way i am trying to do for war what copernicus did for astronomy newton for physics and darwin for natural history my book i believe is the first in which a writer has attempted to apply the method of science to the study of war for lloyd

jackson clausewitz jomini and foch did not do this in a few years time i hope that it will be superseded by many a better work so that we all may begin to understand the nature of war and thereby discover not only how to prepare for war but how to restrict its ravages how to harness it and possibly also how to transmute the destructive ferocity of the ape into the creative gentleness of the angel col j f c fuller

based on previously unused french and german sources this challenging and controversial new analysis of the war on the western front from 1914 to 1918 reveals how and why the germans won the major battles with one half to one third fewer casualties than the allies and how american troops in 1918 saved the allies from defeat and a negotiated peace with the germans
